★ **INSPIRE** our children to succeed

★ **CREATE** excitement for learning

Talk about it!

Get the conversation started on a positive note with these fun topics!

1. Ask your child about what they like most about the internet and why, such as their favourite app, game or website.
2. Ask your child if they like sharing images and videos online and why. You could talk about your favourite family photos.
3. Share your favourite emoji and ask your child what emoji they like best and why. You could discuss whether emojis make it easier to communicate what you mean. More information and ideas can be found at:
