2T	Esa K	Esa is Google Classroom star as he has been producing some fantastic quality work for the teachers in year 2. In Grammar, Esa wrote a fantastic past tense sentence with some outstanding description. This really impressed me so well done Esa. You are fantastic!

Task five: Write a PAST tense sentence about the picture.

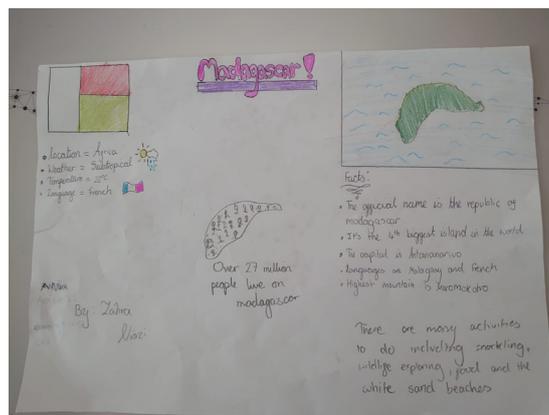

The mean witch rode loudly on her old, wooden broom. She was starting to lose control so she flew even more up. Suddenly, her magic broom snapped in half and everyone fell off.

2H	Malika H	Malika tries incredibly hard when completing all of her work on Google Classroom. This week Malika has impressed us in her Humanities lesson. She was able to compare different beach environments and created a fantastic poster all about the island of Madagascar. Keep up the amazing work Malika! We are all so proud of you!
----	----------	--

2C	Zahra N	Zahra has been working super hard on Google Classroom every week and produces wonderful work, including writing, reading and maths! Keep up the good work Zahra we are very proud of you.

3P	Rowan R	Well done Mr Richardson! You have completed some outstanding pieces of work on the google classroom and I am so very proud of you! You have shown both determination and confidence in your work and it has helped you to achieve great things. Keep up the great work!

Challenge: write 2 paragraphs about a day in your week.

TIP 1: Think about writing about two different times, perhaps the morning and afternoon.

TIP 2: Look at slide 8 to help you remember what a paragraph looks like.

On Saturday I went to my Dad's house and played with water guns. Then we went home.

On Sunday i went back to my dads and done the same thing.

3O	Hayden C	Hayden is doing amazingly on Google Classroom. He is responding to all of his feedback to improve his work. I am really impressed with his effort. Well done!

Have a go at answering these questions now about 2D shapes.

How have the shapes been sorted?

3 corners 3 sides and 4 corners 4 sides

Ron sorted the shapes in order of the number of sides. Has he ordered them correctly? Explain why.

No he hasn't because he put a circle first that has no sides like zero and then the second smallest is a triangle then the square because it has 4 and a pentagon has 5

What type of housing (dwellings) did the early humans in each Stone Age period live in? See if you can remember from when we did this topic at school! Drag the correct dwelling type into each circle.

caves

animal skin tents

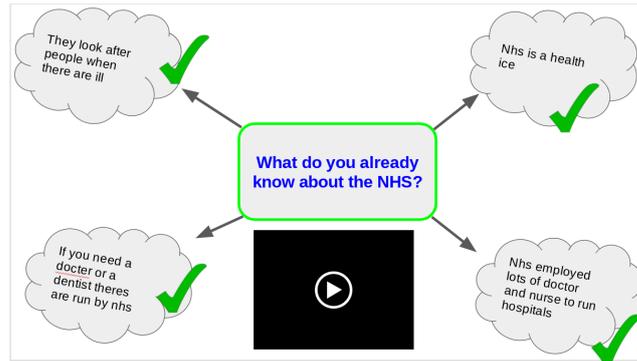

stone houses

palaeolithic
mesolithic
neolithic

As i walked out from the hanging canopy of thick green trees, i caught a whiff of popcorn that had been made up ready for the heaving crouds that were around. I could hear the fast flowing sounds of the crystal clear water running over the waterfall . I could here the flapping of the bats wings in the air . I started to shudder as their wings grew closer , the hairs on the back of my neck stood on end as they swooped over my head messing up my hair.

4M	Sarah B	Sarah puts 100% effort into her google classroom work every single day! She has impressed us this week with her history work on Ancient Greece! Sarah researched what life was like for a Greek woman and created a clock with notes to inform others about life for a woman in those times. Great work Sarah!

Do you leave the house or stay home? Describe the scene.
(Where are you? What can you see? Who are you with?)

Stay at home. It's had to go out I have to be accompanied I would be with my daughter as she is not allowed to go to school.

You wake up at home...(What would be happening in your home? Who's there? What are you doing? What is your house like?)

I would be going to the stream to get some water so everyone could have a wash. I would feed my children.

What would you do next? Where would you be? (At home? Outside? Working? School?)

At home sewing cleaning the house

What would your evening be like? (What would you be doing? What are you doing? What would you eat?)

Cooking dinner and putting the kids to bed

5G	Saaliha Q	Marni produced an amazing piece of writing this week. She created a brilliant letter to Professor Dumbledore asking for a teaching position at Hogwarts. But all was not as it seemed...

Hogwarts School of Witchcraft and Wizardry,
Highlands
Scotland
IV51 19JA

Dear Sir A. Dumbledore

It has been brought to my attention that there is a job opened for Hogwarts Academy and I wish to apply for it. I am aware that the last time someone had applied for the job, it appeared to be You-Know-Who, trying to kill an innocent student. Please understand that I am not one of them. Since you are the smartest person alive, I am sure that you will trust my word and, maybe even hire me as a teacher what a honour that would be!

Hopefully, attached to this letter is my CV. It will show you that I have had many years of professional, thorough training at Brosperse Witchcraft and Wizardry Training the exact training centre you went to, if I'm correct. How amazing that is.

Another reason that I am truly the greatest candidate for the job, is that I have worked with children for a long time. You may be thinking that it was my nephews or nieces. However, I have worked with many children from all over the world some include: Africa, Russia, Columbia, New

5L	Brandon Y	It was so lovely to see Brandon engaging with his learning on our Google Classroom! He produced some excellent maths work - keep it up!
